

Ad hoc announcement pursuant to Art. 53 LR

Basilea announces CHF 75 million senior secured loan agreement with Athyrium for non-dilutive refinancing of convertible bonds due in December 2022

Basel/Allschwil, Switzerland, September 07, 2022

Basilea Pharmaceutica Ltd (SIX: BSLN), a commercial-stage biopharmaceutical company committed to meeting the needs of patients with severe bacterial and fungal infections, announced today that it has entered into a senior secured loan agreement with funds managed by Athyrium Capital Management, LP ("Athyrium"). The CHF 75 million senior secured loan will be used by Basilea for the repayment of its convertible bonds (ISIN CH0305398148), which are due in December 2022 in an outstanding nominal amount of approximately CHF 117 million.

Adesh Kaul, Chief Financial Officer of Basilea, said: "We are pleased to have secured this non-dilutive refinancing of our outstanding 2022 convertible bonds. The transaction allows us to achieve our goals of both reducing our debt level and avoiding dilution for our shareholders. Based on our strong financial position and growth prospects, we will be able to pay the remainder of the outstanding amount of the 2022 convertible bonds with cash at hand and furthermore, we intend to repay the CHF 75 million senior secured loan within two years from cash flows expected to be generated from our growing commercial business."

Laurent D. Hermouet, Partner at Athyrium, added: "We are excited to work with Basilea to support its anti-infectives strategy. Basilea has demonstrated strong capabilities in the development, partnering and commercialization of anti-infectives and we look forward to the continued advancement of its pipeline candidates."

The senior secured loan has a two-year term and repayment is expected to start as of Q1 2023 on a quarterly basis. Interest payments, excluding fees, are expected to amount to an average of approximately CHF 1.25 million per quarter over the term. The transaction is subject to customary closing conditions.

The transaction has no impact on Basilea's financial guidance for 2022.

About Athyrium Capital Management
